

Bally MIDWAY

Earn More, Earn Longer With the Only NEW Shuffle Alley Available Today.

10 PIN
DELUXE

10 Pin Deluxe is designed for tomorrow with the features you need to compete in the market today

There is a new look in shuffle alleys today. Low and lean with a high-tech appearance, 10 Pin Deluxe™ isn't only the newest shuffle alley in years, it's the most technically advanced. The technology is ready to go to work for you with extended earnings, time on location, and return on investment.

Forget about time consuming adjustments with pin hangers and rollovers. Forget about yellowing plastic pins. Forget about moving parts. The only moving part in 10 Pin Deluxe™ is the puck!

10 Pin Deluxe™ uses today's technology to your advantage. A full-sized playfield has been incorporated into a smaller, lighter package for more location flexibility. 10 Pin Deluxe™'s 3 piece construction makes your handling and moving problem a thing of the past.

Sophisticated programming gives you the bookkeeping, test functions, and adjustable difficulty settings you expect from Bally Midway. Add the optional bill acceptor or ticket dispenser and tailor 10 Pin Deluxe™ to your locations.

Set ticket dispensing, free game option and beer frame cartoons; even put the location name in the attract sequence.

We've replaced the old-fashioned mechanisms with 3-dimensional projected pins, a video monitor for scores and attractions and electronic puck sensors for more player excitement and less operator headaches.

10 Pin Deluxe™ has more for the players (up to six) than ever before. Along with Regulation, Flash, and Strike 90, only 10 Pin Deluxe™ has the new Super-Flash game.

Just as in league bowling, 10 Pin Deluxe™ has the beer frame. The cartoon appears briefly before the 5th frame. Then it's time to find out who buys the next round.

Everything about 10 Pin Deluxe™ is designed to attract players. New cabinet design, neon-like graphics, video screen attractions, cartoons, sounds, and music. 10 Pin Deluxe has it all.
